Dear InSinkErator Customer,

I am writing to announce the completion of Whirlpool Corporation's acquisition of InSinkErator, the world's largest manufacturer of food waste disposers and instant hot water dispensers for home and commercial use, from Emerson Electric Co.

We are committed to continuing our relationship, and I want to reaffirm this commitment as we begin this next phase at InSinkErator alongside the iconic Whirlpool family of brands.

While this represents an important moment in InSinkErator's 80+ year history, we expect there will be minimal impact to your business with us. As part of the acquisition, InSinkErator will operate as a separate business under Whirlpool Corporation's North America Region and maintain its headquarters in Mount Pleasant, Wisconsin.

I will continue to serve as President of InSinkErator and the entire InSinkErator leadership team is expected to remain. Most importantly, your day-to-day contacts will remain the same. Our team is excited about this new chapter in our rich, continuing history.

If you already do business with Whirlpool, please continue to work with your day-to-day Whirlpool contact. There are no current plans to integrate the sales, customer care or other customer-facing teams.

Our team is excited about the future with Whirlpool Corporation, and we see how perfectly InSinkErator fits within Whirlpool's portfolio of brands. Whirlpool's acquisition enables new opportunities and investments that will allow us to bring new and innovative products to you and consumers.

As always, thank you for your continued loyalty to InSinkErator, and I look forward to continued collaboration alongside the Whirlpool team.

If questions arise, please direct them to your account manager or to [insinkerator@custhelp.com](mailto:insinkerator@custhelp.com).

*Sincerely,*

**Joe Dillon**  
*President, InSinkErator*
